Hotel de Nell: Le rêve Parisian

This hotel is like it is from a French movie.

Comme nos voix ba da ba da da da da da
Chantent tout bas ba da ba da da da da da
Nos cœurs y voient ba da ba da da da da da
Comme une chance comme un espoir
Comme nos voix ba da ba da da da da da
Nos cœurs y croient ba da ba da da da da da
Encore une fois ba da ba da da da da da
Tout recommence, la vie repart

Hotel de Nell, is a design hotel. And you can see the design elements in your every step. The Japanese baths, artisan chocolates, Bulgari tea bags, and the dreamy breakfasts..

It makes Paris so much more enjoyable and one of a kind. If you are around Paris, definitely go and visit them. The friendliest staff will make you feel at home! ♥
